

Triplex Mud Pumps

The core
of drilling
innovation

Triplex Mud Pumps

Drillmec designs and manufactures high-performance triplex mud pumps for onshore and offshore drilling applications to enhance drilling rates and reduce costs, remarkably minimizing the environmental impact.

Drillmec offers a complete range of triplex mud pumps from 600 hp to 2400 hp diesel or electric AC – DC powered both rated 5000 and 7500 psi.

Drillmec's GD Series is the new generation of Gear Driven triplex mud pumps in the ranging from 1600 to 2400 hp.

Drillmec triplex mud pumps can be equipped with the P-Quip fast release system for valve cover, rod and liner.

All the mud pumps can be mounted on a oilfield heavy duty skid or can be trailerized according to the client's need.

Quality System

Policy

Drillmec has always viewed continuous improvement of company processes and complete satisfaction of customer's needs as essential factors for standing out on the highly complex, competitive oil and gas market. Drillmec's Quality System and HSE System are essential tools for achieving its business goals.

In accordance with its general aims and strategies for growth, Management promotes:

- The central role of the customer
- Full involvement of all personnel to ensure complete awareness of the significance and importance of their work and how they can contribute to achieving quality goals, environment, health and safety protection
- Continuous improvement of the quality of products and services, especially through a strong drive toward technological innovation
- Continuous improvement of process performance
- Safeguarding of the environment and protection of workers' health and safety. Such commitment is widespread not only to our workers, but even to our subcontractors and suppliers.

Drillmec triplex mud pumps are characterized by compact-sized, light weight, small footprint, durability, effectiveness and energy-efficiency.

Certifications

Drillmec SpA quality management systems is certified by API (American Petroleum Institute), DNV-GL (DNV Business Assurance) and can work under Norsok, ABS, DNV-GL Maritime and RMRS regulations, if required by the client. Drillmec products are also compliant with Technical Regulations of the Custom Union, (Russia, Bielorusia, Kazakhstan) EAC certified.

*Drillmec INC is certified by API 4F-0058.
Drillmec India is certified API 4F-0341, API 8C-0273,
API Q1-1977 and ISO 2087.
OJSC Seismotekhnika (Drillmec Belarus) is certified
API 4F-0361, API Q1-2203 and ISO-2301.*
