

HTD Series

The core
of drilling
innovation

Hydraulic Top Drives

Drillmec manufactures a full range of hydraulic top drives.

Drillmec HTD series top drives can be fitted to almost any rig in order to improve performance and help in operations such as directional and horizontal drilling.

Drillmec designs top drive rails and torque tubes starting from drawings of the customer's rig or from data collected by its technicians directly on the rig field.

The torque tube provides the connection between the new HTD top drive and the existing rig.

The HTD top drive is supplied with an independent hydraulic power pack and controls and with a transportation cradle designed to hold it and help in moving.

HTD SERIES

Key Features:

Reduced dimensions and weight /
Easy and fast installation procedure

INSTALLATION ALSO ON OTHER
MANUFACTURER'S MAST

Power swivel driven by one top-head
hollow shaft hydraulic motor with two
gears

HIGHER TORQUE & HIGH
CONTROL

Polymer Slide Guide Runners
LESS MAINTENANCE THAN
BEARINGS

Top drive head complete with hydraulic
disc brake direct on the shaft

MORE PRECISION & SENSIBILITY

Second IBOP valve
ENHANCED SAFETY

Quality System

Policy

Drillmec has always viewed continuous improvement of company processes and complete satisfaction of customer's needs as essential factors for standing out on the highly complex, competitive oil and gas market. Drillmec's Quality System and HSE System are essential tools for achieving its business goals.

In accordance with its general aims and strategies for growth, Management promotes:

- The central role of the customer
- Full involvement of all personnel to ensure complete awareness of the significance and importance of their work and how they can contribute to achieving quality goals, environment, health and safety protection
- Continuous improvement of the quality of products and services, especially through a strong drive toward technological innovation
- Continuous improvement of process performance
- Safeguarding of the environment and protection of workers' health and safety. Such commitment is widespread not only to our workers, but even to our subcontractors and suppliers.

All drilling equipment are matched to provide optimal performance with keen attention paid to reliability and running costs.

Certifications

Drillmec SpA quality management systems is certified by API (American Petroleum Institute), DNV-GL (DNV Business Assurance) and can work under NORSOK, ABS, DNV-GL Maritime and RMRS regulations, if required by the client. Drillmec products are also compliant with Technical Regulations of the Custom Union, (Russia, Bielorrussia, Kazakhstan) EAC certified.

*Drillmec INC is certified by API 4F-0058.
Drillmec India is certified API 4F-0341, API 8C-0273,
API Q1-1977 and ISO 2087.
OJSC Seismotekhnika (Drillmec Belarus) is certified
API 4F-0361, API Q1-2203 and ISO-2301.*
